The customer authorises KBC Securities to execute this transfer instruction off a regulated market, insofar as it relates to a financial instrument quoted on a stock exchange or traded on a regulated Belgian exchange. He/she assents to having KBC Securities act as counterparty for this transfer. In this particular case, the customer agrees that this transfer in favour of KBC Securities will be a gratuitous transfer, effected with a view to avoiding any further custody fees for the financial instruments that have now become virtually worthless. At the customer's request, the ownership of the aforementioned financial instruments hereby passes to KBC Securities and the customer waives all his/her rights in respect of these instruments. The customer expressly acknowledges that KBC Securities made no proposal that this gratuitous transfer be made and declares that he/she took the initiative to this end him/herself.
